FRONT END DEVELOPER

HTML | CSS/SCSS | REACT | JS | BOOTSTRAP

I am a Front-End developer with hands-on experience in designing websites using [html, css,scss,javascript,bootstrap]. My background in front-end allows me to deliver high-performance in designing websites.

LEARNING EXPERIENCE

- **Ministry of communication collaborates with itida and Udacity**
[July 2022] Web development Program
- **MEC Academy** [November 2023 – July 2024] Full-stack Program

PROJECTS

- <https://relaxed-cat-5ccf71.netlify.app/> → My own portfolio Page
- Login pages
- Restaurants Page
- Marketing Websites
- Cosmetics website
- Shopping website
- My Portfolio Page

Website Tools

- Technologies used in those projects: HTML, SCSS/SASS, Bootstrap, JavaScript
- Developed a fully responsive cosmetics e-commerce website with multi-page navigation. Implemented interactive UI elements using JavaScript and Bootstrap for smooth user experience. Styled the site with SCSS for modular, maintainable design. The project included dynamic page transitions, product display sections, and interactive buttons that navigated between different product and content pages.
